

Welder / Metal Fabricator

TKI Intermodal, LLC has an immediate opening for a full-time Welder / Metal Fabricator.

Do you have a positive attitude, creative thinking skills and the ability and desire to turn simple into extraordinary? Some of our projects involve turning shipping containers into; multi-unit houses, solar powered offices, and storage containers with pop-up doors or sliding doors and it doesn't stop there. Come join a team that is consistently challenging what has been done and turning it into what can be done.

TKI Intermodal is a family owned award-winning company that specializes in container fabrication, intermodal transportation and depot services. We offer a fun, friendly work environment where employees understand that providing exceptional products and services to our customers is not just a goal, but the heart of who we are.

Paid holidays, paid vacation, health insurance and a Simple IRA retirement plan with an employer contribution are some of the many benefits.

Primary Duties Required for This Position:

- Sets up and operates fabricating machines and associated tools
- Fabricates and assembles metal products
- Ability to read and interpret blueprints
- Stage and weld components in a variety of placements and scenarios.
- Support the migration of materials from metal fab to painting/finishing areas.

Essential Skills and Requirements:

- Ability to work at multiple heights
- Able to work and weld in tight spaces
- Attention to detail
- Ability to prioritize and to multi-task in a fast-paced environment
- Read, comprehend and complete basic checklists, forms and other related documents
- Ability to operate equipment or willingness to learn
- Must be able to think on your feet and troubleshoot problems as they arise.

*The company provides equal employment opportunities (EEO) to all employees and applicants for employment in accordance with applicable federal, state and local laws.
